

# Hard Wired

[Martone](#)

Well water was wine  
Back on blue Mountain Time  
While I watched your lovin' expire  
While I laid close to you  
As the lace on the shoe  
And that's when I knew  
We were hardwired Well you bumbled like bees  
And I boiled like the seas  
While you led where no one would follow  
So I hid in the mud  
Of my catholic blood  
And let that minute hand race towards tomorrow But are you are as you came  
Mostly bliss and cocaine  
Just a match beggin' for fire Yeah, and I am as I was  
Sick with mercy and love  
Well I'm sorry enough  
I was hardwired So baby sit by the still  
Drink up your fill  
Tell all of them people your problems  
Those friends were so true  
When you were 22  
But now you've got nothing in common Cause they are as they came  
Mostly bliss and cocaine  
Just a match beggin' for fire Yeah and I am as I was  
Sick with mercy and love  
Well I'm sorry enough  
I was hardwired So baby brace for good times  
Oh, do what feels right  
And send me the bill when you tire  
Cause I am as I came  
And I'll still be the same  
Well I've got nothing to blame  
Oh I was hardwired Oh cause I am I was  
And I'll stay here because  
Yeah, you know the truth always was  
We were hardwired
