Frozen (Feat. Fluffy Starr)

Celldweller

Inside this fantasy
It seems so real to me
Synthetic ecstasy, when her legs are open
True life behind a wall
Where men and angels fall
A fading memory, when my mind is frozenI can see a frozen point in time
Where her figure still awaits
Tongue of fire tracing lips outline
Where frozen breath originatesWith one motion of her waiting eyes
She strips everything away
This one moment is intensified
And colors all fade to greyI am in the only place that i want to be
Though we know that it ends eventually
But it's alright because right now we're frozen"I want to forget mistakes they've helped me make
It's better to be broken than to break"Inside this fantasy
It seems so real to me
Synthetic ecstasy, when her legs are open
True life behind a wall
Where men and angels fall
A fading memory, when my mind is frozenI can see a frozen point in time
That is easy to retrace
Light and darkness are both intertwined
The elements are in their place withOne motion of her wanting mind
The real world begins to fade
And all the hateful things I have become
Temporarily go awayInside this fantasy
It seems so real to me
Synthetic ecstasy, when her legs are open
True life behind a wall
Where men and angels fall
A fading memory, when my mind is frozenWhen my mind's frozen:I'll take you anwhere you want to go
Far from anything that feels like home (lets go)
You are anyone I want to be (it's here and now, and now it's only you and me)It's never enough (mmm that's true)
I want to stay here (yeah, and I do too)
Breakin' it down(takin' it down)
With smell(smell), touch(touch, taste(taste), sight(sight), and sound(sound)How long will I be here without you near because I'm so cold
Break them first or I'll get broken is not what I was told, now I'm so cold

I'm so cold
So coldInside this fantasy
It seems so real to me
Synthetic ecstasy, when her legs are open
True life behind a wall
Where men and angels fall
A fading memory, when my mind is frozenInside this fantasy
It seems so real to me
Synthetic ecstasy, when her legs are open
True life behind a wall
Where men and angels fall
A fading memory, when my mind is frozen
