Darkest Deception

Born from Pain

The weight of darkness falls short of consideration
Of the lives of millions that have bled
A structure built on sand
This hammer crushes all
All that's reason
All belief in the goodness of this lifeWhy longer live these lies
Why fall to our knees and dieThis culture rotten to the core
2000 years in the shadow of deathConditioned billions
Embracing death
As the greater good
Erasing life in the blink of an eye
Standards fade
Civilised decline
Must we bleed
For the sake of... bloodred skies
