

# Letter Opener

## Daiquiri

Get a letter, can you open it?  
Without tearing what's inside of it?  
    Good news: Checks  
    Bad news: Bills  
    Cutting through paper  
I know scissors make it tough  
    I can show you other stuff  
There are ways of cutting through  
You didn't know but now you do  
    Good news: check  
    Bad news: Bills  
    ...Letter opener
