Seven

702

For so long
I was the one that you leaned on
Can't pretend 'cause my love is true
It should be me and you babe
Always knew someday
That we would have a family
Don't know what to do
'Cause in a week you're gettin' married, I got
Seven whole days and seven whole nights
It's not much time to make you mine
Knowin' that girl should be here with me
I can't deny, my love I can't hide
Seven whole days and seven whole nights
To make you see you should be lovin' me
Whatever you want gon' make you feel right
Yeah, yeah, yeah, yeah, yeah
Don't wanna hurt her
But ya leavin' me, I just can't conceive
It may not seem fair but in love and war
There are no casualties
I just want what's mine
Boy ya makin' fair what belongs to me
I'm gon' change your mind and I guarantee
You gon' be leavin' with me
Seven whole days and seven whole nights
It's not much time to make you mine
Knowin' that girl should be here with me
I can't deny, my love I can't hide
Seven whole days and seven whole nights
To make you see you should be lovin' me
Whatever you want gon' make you feel right
Yeah, yeah, yeah, yeah, yeah
Seven whole days and seven whole nights
It's not much time to make you mine
Knowin' that girl should be here with me
I can't deny, my love I can't hide
Seven whole days and seven whole nights
To make you see you should be lovin' me
Whatever you want gon' make you feel right

Yeah, yeah, yeah, yeah, yeah
Flowers are coming today
I hope she hasn't picked out a dress already
I hope she picked out a ring that I'll like
'Cause it's going to be on my finger tonight
Seven whole days and seven whole nights
It's not much time to make you mine
Knowin' that girl should be here with me
Can't deny, my love I can't hide
Seven whole days and seven whole nights
To make you see you should be lovin' me
Whatever you want gon' make you feel right
Yeah, yeah, yeah, yeah, yeah
Seven whole days and seven whole nights
It's not much time to make you mine
Knowin' that girl should be here with me
Can't deny, the love I can't hide
Seven whole days and seven whole nights
To make you see you should be lovin' me
Whatever you want gon' make you feel right
Yeah, yeah, yeah, yeah, yeah
Seven whole days and seven whole nights
It's not much time to make you mine
Knowin' that girl should be here with me
I can't deny, my love I can't hide, no, no
Seven whole days and seven whole nights
To make you see you should be lovin' me
Whatever you want gon' make you feel right
Yeah, yeah, yeah, yeah, yeah
Seven whole days and seven whole nights
It's not much time to make you mine
Knowin' that girl should be here with me
Seven whole days and seven whole nights
To make you see you should be lovin' me
Whatever you want gon' make you feel right
Yeah, yeah, yeah, yeah, yeah
