

Disassociative

Marilyn Manson

I can tell you, what they say in space
That our earth is too gray
But when the spirit is so digital
The body acts this way
That world was killing me
World was killin' me
DisassociativeThe nervous systems down
The nervous systems down
I know
The nervous systems down
The nervous systems down
I knowI can never get out of here
I don't want to just float in fear
A dead astronaut in space
I can never get out of here
I don't want to just float in fear
A dead astronaut in spaceSometimes we walk like, we were shot
Through our heads, my love
We write our song in space
Like we are already, dead and gone
Your world was killin' me
World was killin' me
Disassociative
Your world was killin' me
Your world was killin' me
DisassociativeI can never get out of here
I don't want to just float in fear
A dead astronaut in space
I can never get out of here
I don't want to just float in fear
A dead astronaut in spaceThe nervous systems down
The nervous systems down
The nervous systems down
The nervous systems downI can never get out of here
I don't want to just float in fear
A dead astronaut in space
I can never get out of here
I don't want to just float in fear
A dead astronaut in space
