

Intro

[alt-J](#)

Shit them all festival, laugh at the beautiful,
It's just a nod to the canon.
Simple man Stan can't stand up on the beautiful,
It's just a nod to the canon. Stickle brick, tickle quick, laugh at the beautiful,
It's just a nod to the canon.
Hustle over hot muscle shower, twitch off the beautiful,
It's just a nod to the canon now
