

# Lie

## Roya

Now don't tell me darling you get to love it  
Know what goes up must come down  
Guess it was right 'cause you just keep trying  
I hear you been 'round and 'round downtown 'Cause you-uuu-uh got me fooled  
Don't care what you say  
Love won't treat me that way  
'Cause you-uuu-uh got me fooled  
Don't care what you say  
Love won't treat me that way Truth will be unfold  
and it's shows 'cause boy I know you lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
It's spreading like the fire, you only get to try it one time  
Lie lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
It's Spreading like the fire, you only get to try it one time Wish I could believe you, but you're up to no good  
I could forgive, but it don't feel right  
Your words don't get through, ???  
Now my suspicions multiply 'Cause you-uuu-uh got me fooled  
Don't care what you say  
Love won't treat me that way  
'Cause you-uuu-uh got me fooled  
Don't care what you say  
Love won't treat me that way Truth will be unfold  
and it's shows 'cause boy I know you lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
It's spreading like the fire, you only get to try it one time  
Lie lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
It's spreading like the fire, you only get to try it one time (x4)  
You said you forever, what about never  
Your lied so count me out I know you lie lie lie lie  
Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
It's spreading like the fire, you only get to try it one time  
Lie lie lie lie lie

Boy I can read it in your eyes  
'Cause when you lie lie lie lie lie  
It's spreading like the fire, you only get to try it one time
