

Hold On

En Vogue

When I had you I treated you bad
Wrong my dear but since, since you went
Don't you know, I sit around
With my head hanging down
And I wonder who's loving you Ooh, my first mistake was
I wanted too much time
I had to have him morning, noon and night
If I would of known then
The things that I know now
I might not have lost the time I complain about Don't waste your time
Fighting blind minded
Thoughts of despair Hold on to your love
Hold on to your love
Hold on to your love
Hold on to your love The art of playing games now
Is not the hearts you break
It's bound to good love you make
When it's heart's on fire
Give him love everyday, remember he needs space
Be patient and he'll give his heart to you Don't waste your time
Fighting blind minded
Thoughts of despair Hold on to your love
Hold on to your love
Hold on to your love
Hold on to your love Trust and honesty too
Must be the golden rule
You'll feel the strength of passion in your soul
Burn so deeply within
Ooh, the magic that you share
So sacrifice and show how much you care Don't waste your time
Fighting blind minded
Thoughts of despair Hold on to your love
Hold on to your love
Hold on to your love Hold on
Hold on
Hold on
