Love Is Such A Lonely Sword

Blue System

Love is such a lonely sword
Love is such a lonely swordYou can't go where roses grow
If you love me let me know
Come love me I swear you
I never will goSilence, it's a strong reply
It's no way to say goodbye
Come love me I swear you
I never will goLove is so invisible
Comprehend impossible
I love you, I swear you
I never will goI will hide my tears
Love is such a lonely sword
I will share your fears
Love is such a lonely swordOh, Catherine wheel
My Catherine wheel
Oh, love is like a historyOh, Catherine wheel
My Catherine wheel
Come homeLove is such a lonely sword
Love is such a lonely swordI don't know I can explain
What a kind of fool I am
Come love me, I swear you
I never will goMaybe you can make my day
Seven lonely nights I pray
Come love me, I swear you
I never will goLove is so invisible
Comprehend impossible
I love you, I swear you
I never will goI will hide my tears
Love is such a lonely sword
I will share your fears
Love is such a lonely swordOh, Catherine wheel
My Catherine wheel
Oh, love is like a historyOh, Catherine wheel
My Catherine wheel
Come homeI will hide my tears
Love is such a lonely sword
I will share your fears
Love is such a lonely swordI will hide my tears
Love is such a lonely sword

I will share your fears
Love is such a lonely sword
