

Mr. Saturday Night

Robyn Ludwick & Bill Chambers

Mister Saturday night
I came in here lookin' for a fight
Last thing I need is a man tonight
First think I need is a whiskey

If my body don't get what my poor heart's saying
Mister Saturday night
Is playing away
Down on luck and love
There's no better time to try
Just a Saturday night

He ain't leaving baby when it's over
He ain't leaving here with nothin' at all
Mister Saturday night's gonna be there
When the crown of the angels fall
You can beat him if you think you're able
Or leave it hangin' there on the wall
Mister Saturday night
Make it alright
Again and again and again

Well I found a place
At a bar I used to drink sometimes
To keep me from going out of my mind
Tonight I just need you

If you're eyes are sayin' what my head keeps thinkin'
There ain't no need for us to stay here drinkin'
If you're down on luck and love
No better time to try
Just a Saturday Night

He ain't leaving baby when it's over
He ain't leavin' here with nothin' at all
Mister Saturday night's gonna be there
When the crown of the angels fall
And beat him if you think you're able
Or leave it hangin' there on the wall
Mister Saturday night

Make it alright
Again and again and again

I been throwinâ€™ horseshoes over my left shoulder
Mister Saturday night
Heâ€™s cominâ€™ over
Well he takes my hand
Tells me itâ€™ll be alright
And that I didnâ€™t get this pretty
To be alone tonight

He ainâ€™t leaving baby when itâ€™s over
He ainâ€™t leaving here with nothin' at all
Mister Saturday nightâ€™s gonna be there
When the crown of the angels fall
You can beat him
If you think youâ€™re able
Or leave it hanginâ€™ there on the wall
Just a Saturday night
Make it alright
Again and again and again
