

You Curse At Girls

Fountains of Wayne

They say you curse at girls
Don't you know it isn't right?
You could get yourself in trouble You've been livin' in a different world
Lookin' for another fight
Siftin' through emotional rubble Hey boy, don't you get it that one day
You're gonna regret it when she's gone
Hey boy, you can bet it that you'll be blue Each time you curse at girls
You curse a little at yourself
Don't you know a girl gets angry? Hey boy, don't you get it that one day
You're gonna regret it when she's gone
Hey boy, you can bet it that you'll be blue They say you curse at girls
Don't you know it isn't right?
