

Lacee's Groove

Lacee

Come on
Oooh oh babey aw yea
Listen now...

Now Its a man I wanna tell ya a little somthin' bout,
He looks so good it's just like candy,
That melts in my mouth.
I can't believe the way he makes me wanna scream and shout,
Can I get with ya
Take this picture,
Can we work it out
They say it's unladylike
And I dont want ta sound so bold
But I aint never been the type to not get what I want,

Can ya rock me baby
If you do It then you know I love you
Can ya rock me baby
If you do... OHHH

Can we grove baby can we spend some time
Doing what we like baby just you and I
Can we groove baby can we spend some time
Doing what we like baby just you and I

Now when you look at me boy you make me feel something special,
Inside outside leftside right side
I never felt nothing better
You make me loose control
You light me up inside ohh baby
Your irresistable i gotta have ya
I cant shake it,
You keep me rollin
Gotta get going
Got no time to play
I need your lovin
Kissing and huggin
Aint no time for fakin... Heyy

Can ya rock me baby

If you dou It then you know i'll love you
Can ya rock me baby
If you do... OHHH

Can we grove baby can we spend some time
Doing what we like baby just you and I
Can we groove baby can we spend some time
Doing what we like baby just you and I

Can you rock me baby 3X's
"Ad lib" ohhhh owwww ooohh

Your irresistable
Said I need you baby
Said I love you baby I cant fake it

Rock me 3X's
Rock rock rock me
