

Memories (Feat. Jimi D.) (Dunkelbunt Remix)

Waldeck

All those souvenirs in my memories
Got me going down in strike
All those souvenirs in my memories
Got me ruining my soul All those souvenirs in my memories
Got me going down in strike
All those souvenirs in my memories
Got me ruining my soul
But if you tell me what I should be afraid But if you tell me what I should be offering
And maybe this sound is increasingly high All those souvenirs in my memories
Got me ruining my soul
But if you tell me what I should be afraid
