

# Your Love Rocks (feat. N...Grandjean)

## The Avener

I didn't know how lost I was till I found you  
Never knew what it meant to feel someone  
Underneath an image of love I found you  
At the unawareness of lust I found you God I've been fearless how  
Have I gone on all this time without you  
I'll cross just cross  
Rigid hills to be at your side again I believe I'll be there to guide you when,  
everything else around is caving in  
Throughout rage and sunny weather and sin Your love rocks  
Your love rocks  
Freedom suck  
Freedom suck I never knew how lost I was until I found you too  
I realize it is your doing I feel well  
Little woe is the seed you sow in here  
I got voices saying you'll be fair in here  
Saying how just how,  
Have I gone on all this time without you  
I'll cross, cross  
Rigid hills to be at your side again I believe I'll be there to guide you when  
everything else around is caving in  
Throughout rage and sunny weather and sin Your love rocks  
Your love rocks  
Freedom suck  
What you've given me lately,  
is diamonds and good beats layed down softly upon me Your love rocks  
Yeah  
Your love rocks  
Freedom suck  
What you've given me lately,  
is diamonds and good beats layed down softly upon me No not really, I never made plans really,  
I never felt sincere this full really,  
that you would come in this poise,  
with this choice to choose with that much to lose in that voice really  
waking dreams again Your love rocks  
Yeah  
Your love rocks  
Freedom suck  
What you've given me lately,  
is diamonds and good beats layed down softly upon me Your love rocks

Yeah  
Your love rocks  
Freedom suck  
What you've given me lately,  
is diamonds and good beats layed down softly upon meI believe I'll be there to guide you when,  
everything else around is caving in  
Throughout rage and sunny weather and sin  
Throughout rage and sunny weather and sinI believe
