

Ayo!

Mya Ft. DJ Kool

Once upon a time not long ago
I was all about this guy and my mind was blown like
But he love dem hoes and you know how the story goes so
I?m on my B.I.Z. all by myself, got nobody
Well, except for just a friend, but he?s not what I need
See he could do me in the mornin'
But he couldn?t make me day
And after that he?s boring me in every single way
He had kids all across the land, I just don?t understand
So I?m g g gone, so, so, long out tonight and it's on
And we got it good and if it's understood just say
Ayo, ladi dadi, we up in the party
Push up if you wanna, fa sho if you got a lotta
But don't get too hot
I gotta do my own damn thang just say
Ayo, ladi dadi, we up in the party
Push up if you wanna, fa sho if you got a lotta
I don't got nobody, I'll be doin' my own thing
Well, all in all, hope you?re in good health
I just came to vibe and enjoy myself
And you can make that mean whateva is your thang
(I cant believe)
He grabbed my booty, said what's your name?
(So I)
I turned around and I grabbed his thang
(Then I said)
You G cute but it's such a shame
Yo' mamma didn?t teach you better, man
Let's keep it movin' now
Next stop, we about to hit the VIP room
Where they poppin' bottles like whoop
And the parties still goin' and the haze got thick
'Cause the smoke was blowin' from
Thugs doin' shotguns, passin' the dutch
One steady coughin'
(He took too much)
Cops came the stuff got flushed
Ayo, ladi dadi, we up in the party
Push up if you wanna, fa sho if you got a lotta

But don't get too hot
I gotta do my own damn thang just say
Ayo, ladi dadi, we up in the party
Push up if you wanna, fa sho if you got a lotta
I don't got nobody, I'll be doin' my own thing
See, see, I'm just trying to have a good time
Wild out with my girls a lil' bit
'Cause you know I'm single now
Yes, that's right
He wasn't actin' right again
Uh, but that's another song
So I'ma just gonna head and enjoy myself
D.C. Maryland VA, baby, baby
