

# Medicine Jar

## Queen Adreena

My baby talks in his sleep  
I said wake him upMy baby talks in his sleep  
I said.....She's out on good behaviour  
Even daddie's love won't save her  
I said my prayers as I suck on the medicine jarI'm bound in his reflection  
We drink his mother's milk with conviction  
My baby cried on the cross as she bled him dryMy baby talks in his sleep, god damn,  
I said wake him up  
I said wake him upDrink ocean deep there's plenty  
Oh baby go to sleep it's empty  
I said my prayers in the medicine jarHe's suddenly calm  
He's sudd....I dry my tears  
I hide my fears  
I drown in arrears  
In the medicine jarThe medicine jar  
Yeah  
The medicine jar  
The medicine jar(My baby's cying  
My baby's crying)
