

# Unashamed Desire

## Butterfly Boucher

Empty all my pockets and take what you like  
Empty all my pockets if you like  
I've got nothing to hide

Empty all my pockets and take what you like  
Empty all my pockets if you like  
I've got nothing to hide

My unashamed desire  
Is an open fire  
Unashamed desire

Open up my chest and take what you like  
Open up my chest if you like  
I've got nothing to hide

Cut open my heart and turn on the light  
Cut open my heartache if you like  
I've got nothing to hide

My unashamed desire  
Is an open fire  
Unashamed desire  
Oh and I'm not afraid to love  
Not afraid to love  
Unashamed desire

We get one sweet moment in the arms of youth  
I don't wanna waste time holding down the truth  
I've got everything to win and only pain to lose  
This is my

Unashamed desire  
Unashamed desire  
Unashamed desire  
Unashamed desire  
Oh and I'm not afraid to love  
Not afraid to love  
Unashamed desire...
