

# The Light (Home Demo)

## Spock's Beard

What  
Makes a dream  
So very different  
From any other dream  
Where is that  
Straight line  
That I can hold up  
To the light  
And say no!  
This is not right  
This does not  
Stand up  
In the lightCall me cavanaugh  
I'm the one with the caveman jaw  
Call me Smitty or Jones  
Talkin' on the tv's and the telephones  
I am the critical masses  
Stand back and watch as time passesI am the centerfold  
I know the stories before they get told  
You can call me Kennedy  
You may have killed him but you cannot kill me  
I am the crippled and blind  
I paint the pretty pictures on the subway signs  
Yeah, I am everything to everyone  
And I won't go away at the point of a gunAll of this in one manI am rock 'n roll  
I am classical, country and soul  
I am the nun and the flasher  
I am the father, the son and the bastard  
I am the church and the steeple  
Open the door and see all the peopleAll of this in one manI'm coming down  
People's garden  
Garden people  
People's garden  
Garden peopleLook!  
There's a light  
Headed for the sun  
Stand and you might  
Turn to everyone  
The lady, the lass

Melt into glass  
Looking straight into the lightStand at the door  
That would not open wide  
You tried so hard before  
But now we're on your side  
You see us all - the left and the right  
Looking straight into the lightYou see us all - the left and the right  
Looking straight into the light  
Looking straight into the light  
Looking straight into the light!In the lightI am the man in mountain  
I stand alone - I've been downed  
In a sea of loveless illusion  
So many lost - so many drownedGot no church - got no steeple  
Got no time for you people  
I live the life of a shadow  
The only chance that I have now  
Is there  
In the lightThey wore all kinds of things on their heads to disguise  
That they'd rather be unfettered than be wealthy and wise  
And they listened as their enemies made a similar sound  
And they watched a million cars go by  
They were gaining some ground  
But they didn't know what to do  
With this thing they had found  
So they had a party!?!I am senor Valasco  
I drink my milk with tabasco  
Got no place to stand  
Got no home, no land, but I  
Don't ever want to die  
Don't place no one before I  
I am the mask and the chamber  
I know of love not of danger  
Got no place to go  
Ain't nothin' better than be here  
Don't ever want to die  
Don't place no one before IDon't ever want to die  
Don't place no one before II am the catfish man!  
I can't hear you!  
Go ahead and have a nice day now  
Go ahead and say what you say now  
I stand humanis erectus  
Stand back... ha... ha... ha!  
I am... I amAll of this in one manWhat  
Makes a dream  
So very different

From any other dream  
Where is that  
Straight line  
That I can hold up  
To the light and say yes!  
This is alright  
This one will  
Stand up  
In the  
Light
