

My Heart, Your Hands

Dommin

I can feel the knife carving
Your love in my heart.
You promised you wouldn't

But how can I trust you?
How can I trust you?

Closing your grip!
With my heart, in your hands
Closing your grip.

I'm so afraid that you'll leave me cold!
With my heart, in your hands.
Closing...

Tried to sit here with closed eyes.
It's not possible.

'Cause how will I know
that you'll be good?
Doing the thing you know you should

How can I trust you?
How can I trust you?

With my heart, in your hands.
Closing your grip!
With my heart, in your hands.
Closing your grip!

I'm so afraid that you'll leave me cold!
With my heart, in your hands.
Closing your...

How can I trust you?
How can I trust you?

How can I trust you?
How can I trust you?

With my heart, in your hands.
Closing your grip!
With my heart, in your hands.
Closing your grip!

I'm so afraid that you'll leave me cold!
With my heart, in your hands.
Closing your grip.

Your grip!
Your grip!
