

Street Fighter

GFM

Ah yeah

Yeah hah

Well, here he comes man of the slums

Walk the streets of the ghetto

Well I beg your time

Take what you find

Before this thing gets old

(Street fighter)

Well he fights for what he's been told

(Street fighter)

Can ya get there now hooold

Well I know it's hard

Someday you'll go far

Told ya I could beat your crew

If hard times drive you crazy

I know you're not lazy

Someday it'll happen just for you

(Street fighter)

Well he fights for what he's been told

(Street fighter)

And he's driven out of control

Yeah street fighter

Well he fights for what he's been told

He's such a fighter

And ya can't blame that on a home

Street fighter

And he fights for what he's been told

Street fighter

And he's driven out of control
