Roundtrip

Mark de Clive-Lowe

Ready for lift off on this journey far away from this land I no longer love
Mixed emotions got me feeling for a change feeling out of place so...
I had a lover once that stole my heart and I left her in California
Lord these emotions got me feeling out of place
My home?s looking so strange

They got the run way fire kicking? down the door mat says your welcome home
Pakalolo hula skirts and getting lei?d is what we came here for
Half naked on a peak sleeping in a pill box listening to babies cry
while the warm wind blows a chance to find it nobody knows
with the tourist season ending soon mingling on them corner street with people we know Waikiki B boys in the background breaking
Tomorrows Bad Seeds Ohana family
they got the run way fire kickin? down the door mat says your welcome home
Pakalolo hula skirts and getting lei?d is what we came here for
And I cant stand no down pressor man trying to take what?s mine
im bound to get what I deserve
sloppy seconds just aint my style
if you spend a little time I'll make it worth your while
I cant stand no down pressor man trying to take what?s mine
bound to get what I deserve
sloppy seconds just aint my style
you spend a little time Ill make it worth your while???
