

# Youngsters

## Renny Wilson

Get right if you like  
With M-I- to the S-H-O to the N  
Get hot if you like to  
With the M-I- to the S-H-O to the N  
Let's ride if you like to  
With M-I- to the S-H-O to the N  
Get right if you like to  
With the M-I  
Ha ha

This one I had to do just for the youth  
Even we need somethin to rock to  
So you know Mishon had to come through  
And break this one off just for you  
My homies up North and the East to the West, down South  
Then I'll show you what we talkin bout  
My shorties in here represent  
And it goes a little somethin like this ya'll

I'ma youngster, Air Force Ones  
Sidekick phone, Now it's on  
Don't be a hater cuz we got it goin on  
Playin PS2, All night long  
I stay ahead of the class  
Shorties just won't let me go past  
I'm way to fly  
And I'm havin the time of my life  
Everybody put your hands to the sky if you feelin it

I'ma youngster and I'm up on game  
Don't try to play me because of my age  
I'ma youngster still holdin it down  
Block to block my town to yo town  
I'ma youngster and you better recognize  
Cuz fa sho we on the rise  
I'ma youngster and I'm chasin my dream  
Until it becomes reality

Yeah, yeah, yeah, yeah
