

# Amazon

## El-B

I was missin' in action on the side of a carton  
I was taken in a Datsun from a street in Acton  
I was missin' in action on the side of a carton  
I was taken in a Datsun from a street in Acton  
I was sippin' on a Rubicon, thinkin' 'bout where I come  
    It's all this for revolution  
Cuttin' up the coupon, savin' for a telephone  
    Can I call home? Please, can I go home?  
I was sippin' on a Rubicon, thinkin' 'bout where I come  
    It's all this for revolution  
Cuttin' up the coupon, savin' for a telephone  
    Can I call home? Please, can I go home?  
    Painted nails, sunsets on horizons  
    Palm trees, silhouette smells amazing  
    Blindfolds under home-made lanterns  
Somewhere in the Amazon, they're holding me ransom  
    Painted nails, sunsets on horizons  
    Palm trees, silhouette smells amazing  
    Blindfolds under home-made lanterns  
Somewhere in the Amazon, they're holding me ransom  
Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me?  
Smokin' on a Benson, tryin' to get me undone  
    Let me go, I don't want your attention  
    Under submission, out of frustration  
    I'll do it, I'll scream for the nation  
Smokin' on a Benson, tryin' to get me undone  
    Let me go, I don't want your attention  
    Under submission, out of frustration  
    I'll do it, I'll scream for the nation  
    Painted nails, sunsets on horizons  
    Palm trees, silhouette smells amazing  
    Blindfolds under home-made lanterns  
Somewhere in the Amazon, they're holding me ransom  
    Painted nails, sunsets on horizons  
    Palm trees, silhouette smells amazing  
    Blindfolds under home-made lanterns

Somewhere in the Amazon, they're holding me ransom  
Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me?  
Hello, this is M.I.A., could you please come get me?  
Minutes turned to hours and became our dates  
When we shared raindrops that turned into lakes  
Bodies started merging and the lines got gray  
Now, I'm looking at him, thinking maybe he's okay  
Minutes turned to hours and became our dates  
When we shared raindrops that turned into lakes  
Bodies started merging and the lines got gray  
Now, I'm looking at him, thinking maybe he's okay  
Hello, this is M.I.A., it's okay, you forgot me  
Hello, this is M.I.A., it's okay, you forgot me  
Hello, this is M.I.A., it's okay, you forgot me  
Hello, this is M.I.A., it's okay, you forgot me  
Hello, this is M.I.A., it's okay, you forgot me  
Hello, this is M.I.A., it's okay, you forgot me  
Hello, this is M.I.A., it's okay, you forgot me  
Hello, this is M.I.A., it's okay, you forgot me
