

My Name Is Toni Redd

Toni Redd

Can I say hello to you and take some time to introduce myself tonight
I'll be your enjanue let me take you on a rendezvous so nice

My name is Toni Redd, I'm single and spirited in total control
and I want you to know what I'm all about
I'm known as the woman in red and I'm feeling really positive that I'm bringing it all
If you wanna have a good time we can work it out, Oh yeah hey hey yeah

I'm like a very fine wine take a sip and leave your troubles all behind
just like a diamond in the night wait and watch me really shine so bright ah yeah

My name is Toni Redd, I'm single and spirited in total control
and I want you to know what I'm all about
I'm known as the woman in red and I'm feeling really positive that I'm bringing it all
if you wanna have a good time we can work it out

I hope you understand where i'm coming from all I wanna do is have some fun
It doesn't matter if you're young or old you can let it go and lose your self control
oh ho oh oh yeah yeah yeah yeah

My name is Toni Redd, I'm single and spirited in total control
and I want you to know what I'm all about
I'm known as the woman in red and I'm feeling really positive that I'm bringing it all
if you wanna have a good time we can work it out
