

# Why Don't They Let Us Fall In Love

## Sonny & Cher

Why do they say that  
We're too young to go steady?  
Don't they believe it  
That I love you already?  
Gee, the moon is shining bright  
I wish that you could come out tonight  
Why don't they let us fall in love?  
Why don't they let us fall in love?  
Whoa whoa, whoa whoa  
Why do they try  
To keep us apart?  
Why do they laugh at  
What I feel in my heart?  
Gee, the moon is shining bright  
I wish that you'd come out tonight  
Why don't they let us fall in love?  
Why don't they let us fall in love?  
Whoa whoa, whoa whoa, why  
Why do they say that  
We're too young to go steady?  
Don't they believe it  
That I love you already?  
Gee, the moon is shining bright  
Wish that you'd come out tonight  
Why don't they let us fall in love?  
Why don't they let us fall in love?  
Whoa whoa, whoa whoa, why  
Whoa whoa, why, whoa whoa, why  
Whoa whoa, why, whoa whoa, why  
Somebody tell me
