

# Into The Night

Tony Iommi

And you say you want to live forever  
And you've got all the time to kill  
And you're living in the dark forever  
In your own little private hell I want to rule this world  
I want to walk the night  
I want to bleed this girl  
want to shake it all night till the morning light I want to lead this world  
I want to wake the dead  
And all the undead souls who walk the night Are you sure you're so clean and pure  
As you lie here in front of me now  
And you're tempting the lord of darkness  
As you see what's forbidden to see I want to rule this world  
I want to walk the night  
I want to bleed this girl  
want to do it all night till the morning light I want to rule this world  
I'm gonna wake the dead  
And all the undead souls who walk the night Oh yeah you know it's true  
Yeah you yeah When people say I'm from the underworld  
Every kind of sin you best believe it girl  
You come on over here from the other side  
Come back to hell it's warm inside I sleep through the day coz I'm into the night  
I want to through the day coz I live through the night  
I sleep through the day coz I'm into the night  
I want to through the day coz I live through the night Yeah you  
I want to rule this world, yeah  
I'm gonna walk the night  
I want to rule this world  
I want to rule this night And all the undead souls I want to wake the dead  
I want to get you girl  
I'm gonna rule this world It's gonna be alright  
Yeah
