Goodbye for Now

Kevin Long

I can still see the light at the end of the tunnel shine
Through the dark times even when I lose my mind
But it feels like no one in the world is listening
And I can't ever seem to make the right decisions
I walk around in the same haze
I'm still caught in my same ways
I'm losing time in these strange days
But somehow I always know the right things to say
I don't know what time it is
Or who's the one to blame for this
Do I believe what I can't see?
And how do you know which way the wind blows?
?Cause I can feel it all around
I'm lost between the sound
And just when I think I know there she goes
Goodbye for now
Goodbye for now, so long
Goodbye for now
(I'm not the type to say "I told you so")
Goodbye for now, so long
(I think the hardest part of holdin' on is lettin' it go)
When will we sing a new song, a new song?
We're still smilin' as the day goes by
And how come nobody ever knows the reasons why?
Bury you deep so far that you can't see
If you're like me who wears a broken heart on your sleeve
Pains is troubles that you know so well
Either time don't, it can't, or it just won't tell
I'm not the type to say "I told you so"
I think the hardest part of holdin' on is lettin' it go
I don't know what time it is
Or who's the one to blame for this
Do I believe what I can't see?
And how do you know which way the wind blows?
?Cause I can feel it all around
I'm lost between the sound
And just when I think I know there she goes
Goodbye for now
Goodbye for now, so long

Goodbye for now
(I'm not the type to say, "I told you so")
Goodbye for now, so long
(I think the hardest part of holdin' on is lettin' it go)
When will we sing a new song, a new song?
When will we sing a new song, a new song?
And you can sing until there's no song left
And I can scream until the world goes deaf
For every other word left unsaid
You shoulda took the time to read the signs and see what it meant
In some ways everybody feels alone
So if the burden is mine then I can carry my own
If joy really comes in the morning time
Then I'ma sit back and wait until the next sunrise
Goodbye for now
Goodbye for now, so long
Goodbye for now
(I'm not the type to say, "I told you so")
Goodbye for now, so long
(I think the hardest part of holdin' on is lettin' it go)
When will we sing a new song, a new song?
When will we sing a new song, a new song?
When will we sing a new song, a new song?
