Basement Party

MAX

She's that middle class princess getting dressed
She's a hostess and a waitress but she requested the day shift
So she took the train from Brooklyn with her friends
She wants to show me love

(Pre-Chorus)
Yeah, I sent some pics of my people
Yeah, she been recruiting and scouting
(Aw yeah)
She got some girlfriends from Soho
She showed them the pictures, they bout it
There's a promotor
Supposedly told her that 1 OAK was popping
(No way)

(Chorus)
Fuck that
I'm having a basement party
I'm having a basement party
All the stories that come from my town
Half of them started out underground
And I'm having a basement party

[Verse 2]
Yeah, my people speak a certain dialect
And these New Yorkers come over
It's like we just topped out the pole
But she said "I don't give a fuck about the sweat"
Oh, yeah, you got to show me love

[Pre-Chorus]
I sent some pics of my people
Yeah, she been recruiting and scouting
She got some girlfriends from Soho
She showed them the pictures, they bout it
There's a promoter
Supposedly told her that 1 OAK was popping
No way

[Chorus]

Fuck that
I'm having a basement party
I'm having a basement party
All the stories that come from my town
Half of them started out underground
And I'm having a basement party

[Pre-Chorus]
Yeah, I sent some pics of my people
Yeah, she been recruiting and scouting
(Aw yeah)
She got some girlfriends from Soho
She showed them the pictures, they 'bout it
(Aw yeah)
Yeah, there's a promoter
Supposedly told her that 1 OAK was popping
No way

[Chorus]
Fuck that
I'm having a basement party
I'm having a basement party
All the stories that come from my town
Half of them started out underground
