

Whatever's Right

The Monkees

Whatever's right (Whatever's right)
Don't let me change your mind (Change your mind)
If I'm the one (If I'm the one)
Then you'll find out in time (Out in time)
You know I love you, but I leave it up to you (Ah, ooh)
I know that you'll do whatever's right

Whatever's right (Whatever's right)
I put my trust in you (Trust in you)
To do what you (Do what you)
Think that you ought to do (Oughta do)
And even if it doesn't turn out like I planned (Ah, ooh)
Well, I know that you'll do whatever's right

Please don't keep me so mixed up inside
Just let your conscience be your guide and just do

Whatever's right (Whatever's right)
Don't let me change your mind (Change your mind)
If I'm the one (If I'm the one)
Then you'll find out in time (Out in time)
You know I love you, but I leave it up to you (Ah, ooh)
I know that you'll do whatever's right

Whatever's right (That you'll do whatever's)
Whatever's right (That you'll do whatever's)
Whatever's right (That you'll do whatever's)
Whatever's right (That you'll do whatever's)
Whatever's right (That you'll do whatever's)
Whatever's right (That you'll do whatever's)
