

These Are the Lips (feat. Rik Rok)

Shaggy

Know what's good for your mistress is also good for your wife
She might just go elsewhere if she's been deprived

You dig that?

SHAGGY

****Chorus:****

I know it's something that she wants to do (that's right)

But I don't think that I should ask her to

Coz it doesn't quite seem right (say what?)

You see these are the lips that kiss my kids goodnight

Though my baby only aims to please (uh uh)

I can't let her see the freak in me

Coz it doesn't quite seem right

You see these are the lips that kiss my kids goodnight

Listen now, _____

Understand, this a something i wish _____

Friend you're wrong, don't think that she is the one

Freak woman, _____
