

Against Privacy

Cold War Kids

We dont gamble, we dont do the stock exchange
We paint paintings, we write scenes for the stage
We will talk about welfare, we will talk about sex
Talk about the pope in Prada shoes
Nobody gets upset, nobody gets upset And were waiting
Were waiting for your call
Were against privacy
Were against privacy Forget ex-girlfriends, we want little governments
We tell stories, we want to get you to join in
Call us optimistic, we get the meanest looks
We emboss the romantics
History books will show, history books will show And were waiting
Were waiting for your call
Were against privacy
Were against privacy And were waiting, and were waiting
Were waiting for your call
Were against privacy
Were against privacy And were waiting
And were waiting for your call
Were sure that youll agree
