

Wasting Away (Alone)

Eyefear

Holding my head in my hands.
Feeling the walls closing in.
Canâ€™t remember what day it is.
Iâ€™m not sure where Iâ€™ve been.
Lost my way in a web of lies.
Closed every door, and tried to hide.
I wish I could stop the tick of the clock.

Iâ€™m hoping the rain will shadow my tears.
I pray for sleep, so I can hide in my dreams.
Wasting away, no where to stay. I canâ€™t find my place anymore.
Iâ€™m so alone.

What scares me in the dark of night, still with me in the morning light.
A perfect life that I am yet to live.
feels like there is nothing left to give.
Take my hands and walk with me, and try to understand.
Listen, itâ€™s just you and me.

Iâ€™m hoping the rain will shadow my tears.
I pray for sleep, so I can hide in my dreams.
Wasting away, no where to stay. I canâ€™t find my place anymore.
Iâ€™m so alone.
Wasting away, no where to stay. I canâ€™t find my place anymore.
Iâ€™m so...

Iâ€™m so alone.
