

# Rooftop

## Christafari

Starin' at the broke street light  
Some of those lonely nights  
I didn't know if we  
Would make it through  
Stayin' up 'til 5 a.m  
Watchin' the sun  
Come up again  
I'd do it all again if I could  
So if I call  
Will you be there?  
I miss the nights  
We used to share  
Up on the rooftop  
Listening to punk rock  
Nobody believed us  
This could be our one shot  
That was all we had  
The nights that we wasted  
Got us through the days  
That seemed never ending  
Always in a haze  
But, we just didn't care  
No, we just didn't care  
The only place that we could go  
Starin' at a world  
We didn't know  
Wondering if this was all we had  
40 ounce, intoxicated dreams  
All our faded memories  
That's what made us  
Who we are today  
So if I call  
Will you be there?  
(If I call will you be there?)  
I miss the nights  
We used to share  
Up on the rooftop  
Listening to punk rock  
Nobody believed us

This could be our one shot  
That was all we had  
The nights that we wasted  
Got us through the days  
That seemed never ending  
Always in a haze  
But, we just didn't care  
No, we just didn't care  
All these nights, left alone  
Is what made us  
All these nights, left alone  
Is what made us, what made us  
Up on the rooftop  
Listening to punk rock  
Nobody believed us  
This could be our one shot  
That was all we had  
Up on the rooftop  
Listening to punk rock  
Nobody believed us  
This could be our one shot  
That was all we had  
The nights that we wasted  
Got us through the days  
That seemed never ending  
Always in a haze  
But, we just didn't care  
No, we just didn't care
