

Stepkids In Love

Switches

You think you've made it 'cause you've fucked up my life
I only knew you when your dad got a wife
You let me down and now you're leaving town Ah ha ha ha, ah ha ha ha, step kids in love
Ah ha ha ha, ah ha ha ha, step kids in love Your room faced mine and you would leave on your light
I'd turn it off and we'd go bump in the night
You let me down and now you're leaving town Ah ha ha ha, ah ha ha ha, step kids in love I know the reason
Doctor Treason, left you hollow
You cashed my words and sold illusions that you borrowed
It's a lonely life, it's a lonely life My mama told me this would end up a mess
But all I needed was to get you undressed
You let me down and now you're leaving town Ah ha ha ha, ah ha ha ha, step kids in love
Ah ha ha ha, ah ha ha ha, step kids in love I never felt your daddy's fist before
And now I know, the taste of the floor, no So now you're splitting with your circle of lies
I'll mail you the papers and I'll tell you all my spies
To hunt you down 'cause now you're leaving town Ah ha ha ha, ah ha ha ha, step kids in love Self mutilated, you
were jaded from the get go
Slippin' and slidin', I was asking for a hiding
It's a lonely life, it's a lonely life
Do it, do it, do it Step kids in love, I've got a date with the step kids in love
Oh, under cover with the step kids in love
Whoa, I'm gonna nail the step kids in love, enough
