System Addict

Five Star

Take a look at me, wired to a machine
Never would believe it, this can't be happening
Boxes that go beep, little lights that leap
Tapping on a keyboard, what's happening to meAnd when the electricity starts to flow
The fuse that's on my sanity got to blowSystem addict
I never can get enough
System addict
Never can give it up, oh oh, no noBeauty or a beast, don't know which I see
Still I couldn't leave it
Fascination won't it ceaseYou know it's got the best of me
Sight and sound
Untangled in complexity all aroundSystem addict (system addict)
I never can get enough
System addict (system addict)
Never can give it up, no ohSystem addict
You've got the hardware habitAnd when it gets to be too much,
Can't go on
I really need the human touch
But I'm too far gone
(Yes, I'm too far gone)
(No, I can't go on)System addict (system addict)
I never can get enough
System addict (system addict)
Never can give it upSystem addict (system addict)
(You got the hardware habit)
I never can get enough (system addict)
System addict (system addict)
(You got the hardware habit)
Never can give it up (system addict)System addict (system addict)
(You got the hardware habit)
I never can get enough (system addict)
System addict (system addict)
(You got the hardware habit)
Never can give it up (system addict)System addict (system addict)
(You got the hardware habit)
I never can get enough (system addict)
System addict (system addict)
(You got the hardware habit)
Never can give it up
