Back To The Future

Dru Hill

[Jazz]I Remember We Used To Ask Each Other
How Many Kids Are We Gon' Have
I Remember We Used To Make Plans Like
'I Cook The Food, You Cut The Grass'
I Remember We Used To Go Out Shopping, And How Picky You Would Be
I Recall We Used To Watch Bill Cosby And Say That's How We Gonna Be
[Bridge](What Happened) To All The Years Of Care
(About What) Making The Visions That We Shared
(The Promise) Where Did The Aspirations Go
(I Don't Know) See Baby All I Wanna Know Is
[Chorus]Can We Take It Back To The Way We Were
Back To Every Single Time You Saw Him, You Saw Her
Even Though We Try To Stay Away
My Heart Is Still In Yesterday
Lets Go Back To The You And Me
Like We S'pose To Be
Back To The Future
[SisQÃ³]I Reminisce About The First Time I Saw You

My Future Flashed Before My Eyes
I Often Think About The First Time I Called You
How We Were Laughing Thru' The Night
We Used To Say We Would Outlast Forever
Travel A Road That Never Ends
We Need To Find A Way To Put It Back Together
Live In That Moment Once Again
[Bridge](What Happened) To All The Years Of Care
(About What) About The Visions That We Shared
(The Promise) Where Did The Aspirations Go
(I Don't Know) See Baby All I Wanna Know Is
[Chorus]Can We Take It Back To The Way We Were
Back To Every Single Time You Saw Him, You Saw Her
Even Though We Try To Stay Away
My Heart Is Still In Yesterday
Lets Go Back To The You And Me
Like We S'pose To Be
Back To The Future, To The Future
Can We Take It Back, Take It Back
Baby Please..

[Repeat Chorus]
