Trouble Now

Oh Pep!

Eyes are dry I'm up all night
and I'm staring at the corner of a pale room.
I was hoping you were coming soon.
I'll act dumb while you're on the run.
Aim right, hold tight, won't hurt no-one.
Take what you can. That's my understanding.And I wanna be wherever you will be
but I can't right now.
And I wanna be wherever you will be.
And I got the key. You got the money.Where ya go'n now whatcha got there honey?
You can't run from me. You won't get far.
You got the money. I got the car.I've been kind and denied but you have conspired
A lie is a lie. I didn't see your face.
A lie is a lie. Now I'm standing in your place.
And I wanna be wherever you will be
but I can't right now.
And I wanna be wherever you will be.
And I got the key. You got the money.Where ya goin now watcha got there honey?
You can't run from me. You won't get far.
You got the money. I got the car.
You got the money. I got the car.Don't come to me when your love's dried up.
I helping you now. You said you were stuck.
I'm stuck too much more than you.
I'm still helping you now 'cause you asked me to.We're in it together whether you like it or not.
Put the thing down don't you fire a shot.
I said. Put the thing down don't you fire a shot.
Let's make that clear.
Let's make that clear.
Let's make that clear.
You've got yourself a bit of trouble now.
You've got yourself a bit of trouble now.
You've got yourself a bit of trouble now.
You've got yourself a bit of trouble now.
