

# Make It Look Easy

Steve Wariner

I'm not the first guy who ever lost a girlfriend  
But by the way I'm carrying on  
You'd think I was you'd think I'd lost my mind  
Since you've been gone Why can't I just walk away?  
You know people do things a lot harder every day  
And somehow they make it look so easy Mark McGwire does it with a baseball bat  
Dale Jarret does it on the race car track  
Tom Hanks sure knows how to act  
And he makes it look easy Dan Rather does it on the evening news  
Ray Charles does it when he's singing the blues  
The great ones do it any time they choose  
So why can't I forget you and make it look easy? I've got a secret and I want to keep it  
So I try to be cool  
I don't wanna show want no one to know  
That I'll always be your fool I wish that I could just walk away  
People do things a lot harder every day  
And you know they make it look so easy Michael Jordan did it and he carried the team  
Spielberg does it on the movie screen  
Oprah she's the TV queen and she makes it look easy  
Tiger Woods does it with a little golf ball Seems like Elway did it every fall  
The great ones do it any time they choose  
So why can't I forget you and make it look easy? Princess Di she did it with class  
Leno knows the right questions to ask  
Nolan Ryan did it with a pitch so fast  
That he made it look easy Chet Atkins does it with a guitar pick  
Wayne Gretsky did it with a hockey stick  
The great ones do it anytime they choose  
So why can't I forget you and make it look easy
