

# Almost Here (Duet with Brian McFadden)

## Delta Goodrem

Did I hear you right  
'Cause I thought you said  
Let's think it over You have been my life  
And I never planned  
Growing old without you Shadows bleeding through the light  
Where a love once shined so bright  
Came without a reason Don't let go on us tonight  
Love's not always black and white  
Well, haven't I always loved you? But when I need you  
You're almost here  
And I know that's not enough But when I'm with you  
I'm close to tears  
'Cause you're only almost here I would change the world  
If I had a chance  
Oh, won't you let me Treat me like a child  
Throw your arms around me  
Please protect me Bruised and battered by your words  
Dazed and shattered how it hurts  
Oh, haven't I always loved you But when I need you  
You're almost here  
And I know that's not enough And when I'm with you  
I'm close to tears  
'Cause you're only almost here Bruised and battered by your words  
Dazed and shattered now it hurts  
Haven't I always loved you But when I need you  
You're almost here  
(Well, I never knew how far behind I'd left you) And when I hold you  
You're almost here  
(Well, I'm sorry that I took our love for granted) And now I'm with you  
I'm close to tears  
'Cause I know I'm almost here  
Only almost here
