

# Find Yourself

## Funky Meters

When you find yourself in some far off place  
And it causes you to rethink some things  
You start to sense that slowly you're becoming someone else  
And then you find yourself  
When you make new friends in a brand new town  
And you start to think about settling down  
The things that would have been lost on you are now clear as a bell  
And you find yourself, yeah, that's when you find yourself  
Well, you go through life so sure of where you're heading  
And you wind up lost and it's the best thing that could happen  
Cause sometimes when you lose your way it's really just as well  
Cause you find yourself, yeah, that's when you find yourself  
When you meet the one that you've been waiting for  
And she's everything that you want and more  
You look at her and you finally start to live for someone else  
And then you find yourself, yeah, that's when you find yourself  
We go through life so sure of where we're heading  
And then we wind up lost and it's the best thing that could happen  
Sometimes when you lose your way it's really just as well  
Because you find yourself, yeah, that's when you find yourself
