

# Bubble Gum and Braces

**Bobby Sherman**

The little girl that lived next door  
I didn't know her name  
Bubble gum and braces  
were her only claims to fame  
She wore a floppy mop of hair  
I never saw her face  
All I saw were giant bubbles  
A shiny dental brace

Bubble gum and braces  
Won't you please go home to play?  
I didn't like the girl next door  
But that was yesterday

Now I'll believe in fairy tales  
until the day I die  
In magic wands and witches spells  
And let me tell you why  
That girl next door's a lovely sight  
A thing of beauty overnight  
So all at once, so, can it be  
That I was blind and could not see?

Now if you know a girl next door  
Don't give her extra sorrow  
Cause she may weave that magic spell  
And break your heart tomorrow.

Bubble gum and braces  
Won't you please go home to play?  
I didn't like the girl next door  
But that was yesterday

Bubble gum and braces  
Won't you please go home to play?  
I didn't like the girl next door  
But that was yesterday
