

Girl On a Train

Squire

Wakin' on a train dreamin'
Charmed alone they started speakin'
Captured in his artist way
Before the memories fade away
To remember a face
Oh oh and you're home or want to
Certain they would meet soon
Paint a portrait of a family
To remember a face
Oh oh and you're home
Single light on
Single way
Single light
Away
To remember a face
Oh oh and you're home
The night fell
Saw a paintin' on a stairwell

To mourn the passing of a daughter dear
Her soul upon the train so far so near
To remember a face
Oh oh and you're home
Single light on
Single way
Single light
Away
Single light on
Single way
And oh oh and you're home
Just close your eyes
And you're home
Just give me time
And you're home
Oh oh and you're home
Oh oh and you're home
Home
