

# Stay

## Estrella

Sounds straight from the twilight  
Has me up all night I can't  
Fall asleep coz I keep thinking of you  
And I saw a shadow, outside my window  
And it's you!C/o  
All my sorrows flew away,  
Hush keep quiet hear me say  
I don't ever want you to go  
Please stay  
With the moonlight dancing free  
And there's no one but you and me  
There's no reason to go astray  
Please stay-bridge  
Making up a story  
It's the way you're looking at me  
If you think that this is funny  
It's just youTry and think about it  
If your heart is closed don't lock it  
Keep your keys back in your pocket, think this throughRepeat c/o  
Please stay with me  
Just stay with me  
I'll take you to foreverland  
Just stay
