

What I See (feat. Voice Of Doom)

London May

Going thru my life with a switchblade at my throat
Always feeling lower than Iâ€™m told iâ€™m supposed to be
I wish that i could change it but thereâ€™s no room for change
What I see I donâ€™t like
Very late at night i walk on down the steps that lead to hell
because i am condemned
I wish that i could change it
my time is running out
What I see I donâ€™t like and what I like I donâ€™t see
Very late at night i walk on down the steps that lead to hell
because i am condemned
I wish that i could change it
my time is running out
What I see I donâ€™t like
Going thru my life with a switchblade at my throat
Always feeling lower than Iâ€™m told iâ€™m supposed to be
I wish that i could change it but thereâ€™s no room for change
What I see I donâ€™t like and what I like I donâ€™t see
