

The Nature Creature

Asagaya

The crazy blind fencer.

The natural seizure.

Our strict mother.

The nature creature.

The natural keeper.

The natural seizure.

The nature creature (2x)

3 oâ€™clock in the morning.

Hear the muted warning.

The gray towers sink and fall asleep.

Natural struggleâ€™s starting.

The impending storming.

The giant trees begin to move and creep.

Hard-liner teacher.

Convincing preacher.

Determinate soldier. Your strict mother.

The nature creature.

3 oâ€™clock in the evening.

Canâ€™t stop that thing.

The washing system has been spreaded.

Couldnâ€™t resist to the cleaning.

The swamped causeway has disappeared.

Gray towers became a lie.

The unique ocean is the cruel fate.

In the blink of an eye.

It comes to punish us without hate.

Hard-liner teacher.

Determinate soldier.

Convincing preacher. Your strict mother.

The nature creature.

Hard-worker father.

Imperious fever.

The crazy blind fencer. Our death in eager.

The natural seizure.

The natural keeper.

The desperate reaper.

The nature creature.

Across the border,
of the final scripture.
