

# Backstage Queen

## Scorpions

Hey little Donna, sweet little Donna, I know  
You wanted my love and I gave it to you  
Hey little Donna, sweet little Donna, you know  
Goodbye is hello, 'cos I'm on the road  
Take it easy, don't get me wrong  
Just keep me in your dreams  
Take it easy, life goes on  
My little backstage queen  
Hey little Donna, sweet little Donna, so good  
My feeling with you was all very true

Hey little Donna, sweet little Donna, you know  
Goodbye is hello, 'cos I'm on the road  
Take it easy, don't get me wrong  
Just keep me in your dreams  
Take it easy, life goes on  
My little backstage queen  
Hey, little Donna  
Sweet little Donna  
Goodbye Donna
