

Omen

The Prodigy

It's an omen!

Now!

It's an omen!

Now!

Now!

The writing's on a wall

It won't go away

It's an omen!

It's an omen!

It's an omen!

Now!

The writing's on a wall

It won't go away

It's an omen!

You just run out of automation

Now!

Now!

Now!

The writing's on a wall

It won't go away

It's an omen!

You just run out of automation

Now!

The writing's on a wall

It won't go away

It's an omen (x3)

Now!

It's an omen!

Now! Now! Now!
