

# I Should Care

Nat "King" Cole

[Foreign Content]I should care  
I should go around weeping  
I should care  
I should go without sleepingStrangely enough, I sleep well  
Except for a dream or two  
But then I count my sheep well  
Funny how sheep can lull you to sleep, soI should care  
I should let it upset me  
I should care  
But it just doesn't get meMaybe I won't find someone  
As lovely as you  
But I should care  
And I doI should care  
I should let it upset me  
I should care  
But it just doesn't get meMaybe I won't find someone  
As lovely as you  
But I should care  
And I do
