Call It Like I See It

Hellyeah

Another hard night,
Fraying at the seams,
I took out the stitches,
But my scars will always bleed,
So dark inside,
I'm a hard story to read,
I'll probably never feel better,
But I can always dream

All my life,
Riddled with pain,
Your staring through a hollow man,
Persecution, the retribution,
For what ever it was I did,
To find my pride my will my love,
My self respect has come undone,
Close to losing life by my own hand,
Dig deep inside to find my worth,
To instigate my own rebirth,
At deaths door but there's been a change of plan

Life, death, it's my call
Hopeless, I was taught to be this
Want it, take it, my law
You can call it arrogance but I just call it like I see it,

When I think,
Itâ€™s not as bad as it seems,
My cold dead tainted heart,
Always reminds me,

All my life consumed with hate,
Itâ€™s the disease my head creates,
Motivation through determination find happiness that I've displaced,
I'm letting go of everything,
Of everyone that's in my way,
Of all the things in life that keep me down,
Claim the space that's my domain,
Scream you all and scrap my plate,

Past is in the trash and I am done,

Life, death, it's my call
Hopeless, I was taught to be this
Want it, take it, my law
You can call it arrogance but I just call it like I see it,

Life, death, it's my call
Hopeless, I was taught to be this
Want it, take it, my law
You can call it arrogance but I just call it like I see it,
Life, death, my call
Hardness, I've grown up to be this
Ruin, destroy me, you all
You can call it arrogance but I just call it like I see it
